Wall-mounted, mast & floor-mounted

Whether floor-mounted or bracket-mounted, CORSICA is a spotlight designed to enhance architectural facades. Equipped with a tilting sleeve that can be adjusted up to 90° and rotated 15° around the axis of the arm, it offers exceptional installation flexibility, enabling the luminous flux to be precisely directed. Its optimized optics guarantee an even coating of light, creating uniform, aesthetically pleasing illumination. Optional four-color printing allows you to vary

lighting moods and personalize lighting effects, adding a unique touch to illuminated spaces. Built to withstand the most demanding conditions, CORSICA features an IP rating of IK10 against shock and IP67 waterproofing, ensuring robustness and durability over the long term. An ideal choice for combining performance and elegance in architectural lighting.
