

EXTRAS SAINT-JEAN

4330

Wall-recessed & mast

SAINT-JEAN is a recessed spotlight with a slight 3 mm projection, or with no projection in the bollard version, specially designed for lighting pedestrian and cycle paths. Installed less than a meter from the ground, it offers a discreet and effective solution for illuminating large areas with long spacing, up to 6 meters. Thanks to its specific H30 and H60 optics, it provides even, appropriate lighting, ideal for public spaces. The beam can be tilted from 0 to 30°

without having to open the fixture, guaranteeing a perfect seal. Available with two different flush-mount pot sizes, SAINT-JEAN can also be customized with a powder-coated finish: only the flange or bollard (depending on the option chosen) can be painted for optimum aesthetic integration. Versatile and elegant, it blends harmoniously into different urban environments. A bollard version is also available, offering greater flexibility for pathway lighting.

FEATURES

LUMINAIRE'S BODY

Materials	Anodized aluminium
IP rating	IP67
IK rating	IK10 20 J
Weight	2.08 kg
Cable length	100 cm
Features	1-axis adjustable Adjustable orientation without disassembly Adjustable tray: 0 to 30°
Integrated power supply	24 V dc + PWM (class III) 230 V ac - non-dimmable (class II)
Remote power supply in distant box	230 V ac -> 24 V dc + PWM Control possible via: 0–10 V, DMX, DALI, potentiometers

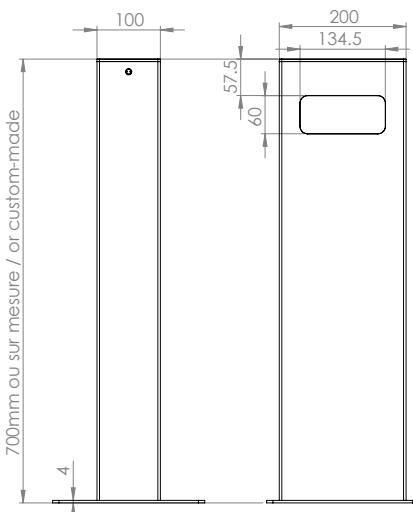

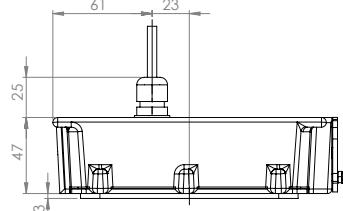

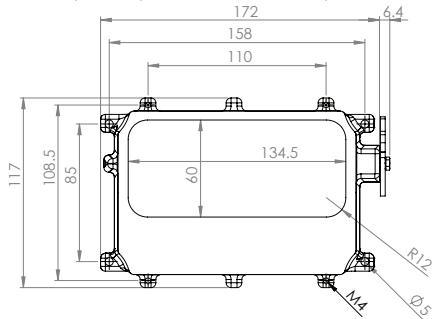

OPTICAL UNIT

Color temperature	2 200 K (A), 2 700 K (F), 3 000 K (E), 4 000 K (N), 6 000 K (W), Red (R), Amber (O), Green (V), Blue (L), Royal Blue (K)
Type of LED	Power LED
Optics	10°, 20°, 36°, 52°, 77°, 120°, 130 x 25° (L1), 116 x 44° (L2), 40 x 10° (L4), 100 x 20° (L7). See details in the "Photometric Specifications" document
Number of LED	3 / 4
Reference flux*	892 lm
Product reference	4330

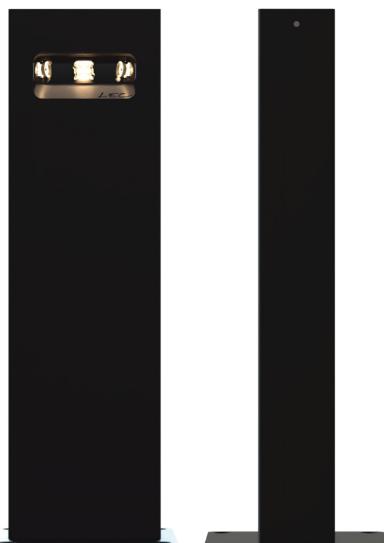

*This value, obtained at the luminaire output, corresponds to the optimum number and type of LEDs for warm white light (3,000 K).

DIMENSIONS

OPTIONS

RAL powder coating paint of your choice
Various angles of light beam opening

ACCESSORIES

Choice of recessed mountings for installation:

- with extension
- compact

Option Stainless steel bollard, height between 40 cm or 70 cm. Base plate for installation on prefabricated concrete block with center-to-center spacing of 20 x 20 cm.

CONFIGURATION GUIDE

Configuration example: 4330TY-W-H60 (to be customized with the references below)

4330	T	Y	W	H60
Reference	Pilote	Cable	Color	Color
				H30 3 LEDs with mixed optics
				H60 4 LEDs with mixed optics
				L3 3 LED with optics 100 x 12°
				Other Optics 4 LED
			W LED color	
	Ø	Cable Output		
	Y	Connector base		
	Ø	24 V PWM controllable		
	T	230 V non-dimmable
